It's a lot cooler down under.

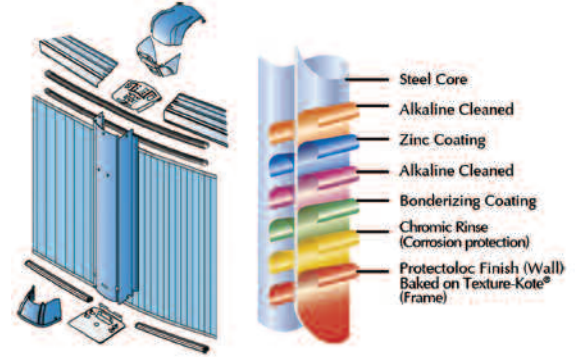

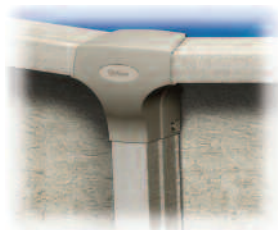

Brisbane

There is nothing better than having access to a beautiful body of water. Available in a wide variety of round or oval sizes, there is a Brisbane pool designed to fit every backyard as well as every budget. The Brisbane from OutBack™ Pools - a beautiful addition to your backyard decor.

Quality and Style Second To None!

- Rugged 7" top rail and 5 1/2" vertical supports treated with Texture-Kote™ all-weather protective coatings.
- 2 piece resin connector and foot cover for precise fit and finish.
- Extra deep wall corrugation with exclusive Protectoloc™ Triple Wall Coating withstands even the harshest elements.
- Wall core made with heaviest gauge of steel available in the industry and double Quadra-Fold wall joints provide eight thick layers of steel at the closure.
- Stabilizer support system for easy wall installation.
- Coordinated wall and printed frame pattern give a unique and stylish look that will enhance your backyard decor.

The top rails, verticals, and steel wall in every Outback pool undergo a state-of-the-art protective treatment process that provides incredibly long-lasting, all-weather protection with added resistance against corrosion, scratching, and damaging UV rays.

Outback ovals are engineered to require fewer or no buttresses without compromising strength and will be appreciated not only for good looks but also for ease of installation. All ovals meet or exceed the industry standard. In addition to an extensive engineering process, a vigorous backhoe test is performed prior to the launch of any new pool model.
